

Family Math Game Night!

When?: Tuesday, May 8th 6:15pm – 7:30pm

Where?: PS 261 Cafeteria

**Your hosts: Math Coach Stephanie Slabic and
MANY talented 3rd – 5th grade students**

Are you (students and families) up for a math challenge?

At the Family Math Game Night, you will learn new math games at each grade level – Pre-K through 5th grade and beyond!

You'll have an opportunity to play them with friends and—especially for parents—you'll have a chance to learn lots of different games to support your child's math instruction!

***** Looking forward to seeing you there!!! *****
